Hanger Shims

Hanger Shims

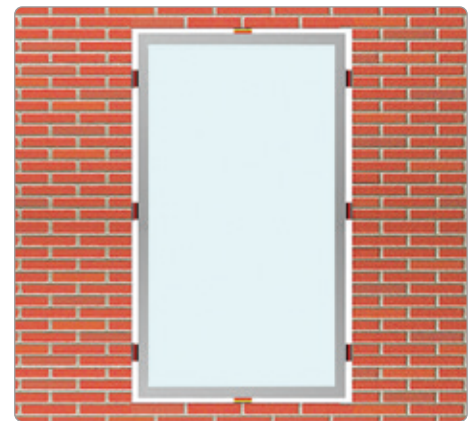

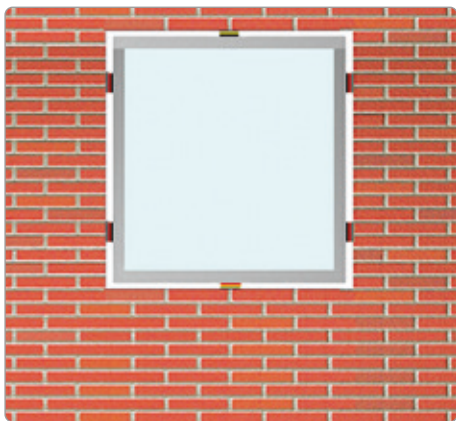

- fast and accurate vertical assembly

- 100% recycled plastic
- EPD verified
- Not affected by damp, rot, or dry rot
- Documented lifespan of min. 75 years
- No toxic smoke in case of fire
- Economical and timesaving

Hanger Shims are typically used to level and adjust distances regarding various assembly assignments on vertical surfaces, such as kitchen and bathroom elements, door and window frames, stairs, etc.

The hanger shims are designed so that they can balance on a screw, thus not falling on the floor before the subject is finally tightened.

The hanger shims come in 6 different color-coded thicknesses which can be merged into a singular block with the desired thickness.

	H	W	L	Pcs / Carton / Pallet			Item no.
	1	46	54	500	96	1	973204050
	2	46	54	500	96	1	973204030
	3	46	54	500	72	1	973204040
	4	46	54	500	72	1	973204010
	5	46	54	500	72	1	973204060
	10	46	54	250	72	1	973204220
				5 x 100 / 88 boxes / pallet			973200002

Extensive documentation with independent test reports for pressure load, step sound and ageing is a safeguard against expensive claims – now and in the future. Documentation can be found at www.knudsenkilen.dk
