SU RICHIESTA È POSSIBILE FORNIRE DIAMETRI PERSONALIZZATI UPON REQUEST IT IS POSSIBLE TO PROVIDE CUSTOMIZED DIAMETERS	: -- --

## BRILLANTEZZA CIRCOLARE

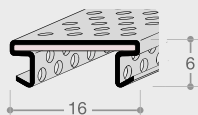

Il sistema di profili Windlight in alluminio microforato, progettato appositamente per le luci a LED, viene ora presentato con un'elegante forma circolare. Creato specialmente per incorniciare specchi dal bordo arrotondato, lo schermo microforato di Windlight Circles ricopre le strisce LED consentendo alla luce di brillare con un bagliore uniforme.

## CIRCULAR BRILLIANCE

*The Windlight profile system with micro-perforated aluminium, and designed for LED lights, is now elegantly presented in a circular form. Crafted especially for framing rounded mirrors, Windlight Circles seamlessly conceals the LED lights while allowing their radiant glow to shine through.*

**A** FBS2081 SCHERMO COVER

**B** FBS2083 CORPO BODY
